Mrs. Fannie J. Edgerton,

127 W. 58th St., New York.

Dear Madam:

We received today, through the kind offices of Dr. Kunz, a package containing twelve medals. Permit me to express our warm appreciation of your thought for our collection - we are very glad indeed to have these medals. I think there are but one or two that we already have, and as you will readily see, it is an advantage to have two copies of a medal because it enables us to show both sides. The piece by Bottee is a decided addition to the medals by him already in our possession.

A formal acknowledgement will be sent you in due form. Perhaps I may some day have the pleasure of thanking you in person on some future visit to our Museum.

Very respectfully yours,

Curator.
